Embroidery Shop
The above prices are for 1 embroidered logo/image and are based on:
- How many stitches it takes to embroider the entire logo/image.
- How many pieces of product onto which the logo/image is to be embroidered.

Item pricing takes into account two primary factors:
- How many logos/images are to be embroidered on the item.
- How many stitches are in each logo/image that is to be embroidered on the item.

The number of stitches involved in embroidering a certain logo/image cannot be determined simply by seeing a picture. However, our digitizers can take a picture and create a mockup of the logo/image and determine the stitch count. We can then pass that on to the customer.

If a customer wanted to estimate potential cost, our historical data suggests that there are approximately 10,000 stitches in a 3.5"x3.5" logo/image. That can be doubled for a 7"x7" logo/image. However, that is purely an estimate. It will always depend on how much detail is contained within the logo/image and a mockup and bid from the shop is required for official pricing.

The following are examples of Embroidery mockups provided by the shop:
Referencing the table on the previous page, the embroidered 3.4” x 2.5” triangular logo shown here would cost:
$2.50 for 1-9 items
$2.40 for 10-99 items
$2.30 for 100 or more items

Referencing the table on the previous page, the embroidered 1.7” x 0.5” “CIRT” text shown here would cost:
$2.50 for 1-9 items
$2.40 for 10-99 items
$2.30 for 100 or more items

Referencing the table on the previous page, the embroidered 10.5” x 1.5” “Softball” text shown here would cost:
$3.71 for 1-9 items
$3.57 for 10-99 items
$3.43 for 100 or more items
## Pricing Information for Silk-Screening

</tbody>
</table>

The above prices are for 1 silk-screened logo/image and are based on:

- How many colors are in the logo/image.
- How many pieces of product onto which the logo/image is to be silk-screened.
  (For example: if you have 55 shirts and your logo/image contains 3 colors, the cost would be $2.70 per logo/image. However, if you only had 5 shirts and your logo/image contains 3 colors, the cost would be $3.10 per logo/image.)

Item pricing takes into account two primary factors:

- How many logos/images are to be silk-screened on the item.
- How many colors are in each logo/image that is to be silk-screened on the item.

Each logo/image is charged for separately.

For example: if the item is to have a 2-color left-chest logo and 3-color back-piece image, the charge would not be for a 5-color logo/image. The charge would be for a 2-color logo (size specific) and a 3-color image (size specific). This is to account for the different printing areas and screen processes.

The following are examples of Silk Screen mockups provided by the shop:
Referencing the table on the previous page, the silk-screened “Blackhouse” logo shown here would cost: $1.50 for a single 1-Color item and $2.30 for a single 2-Color item. For other quantity pricing, see the appropriate line(s) in the table on the previous page.

Front Silk-Screen 1-Color: “White”

Front Silk-Screen 2-Color: “White” “PMS 7402 C Cream”

Referencing the table on the previous page, the silk-screened “Blackhouse” logo shown here would cost: $2.30 for a single 2-Color item and $3.90 for a single 4-Color item. For other quantity pricing, see the appropriate line(s) in the table on the previous page.
