WELCOME

UCI MISSION

As a team, UCI provides public safety and reduces recidivism by offering opportunities for offenders to make successful choices. Utah Correctional Industries is a self-supporting division of the Department of Corrections that contributes to public safety by reducing inmate recidivism by providing inmates meaningful jobs in a real world setting with an opportunity to learn job skills, obtain work ethics, and make lasting changes.

UCI VISION

UCI is a high performing organization that utilizes a quality management system to ensure continuous improvement to build quality products and improve offenders' lives. Through collaboration, effective communication, staff development, accountability and productive organizational relationships, UCI is recognized as a forward looking, innovative organization that emphasizes trust, credibility and customer satisfaction.

STATE USAGE LAW

636-6-423. Purchase of prison industry goods.

(1) All public procurement units shall purchase goods and services produced by the Utah Correctional Industries Division as provided by this section, which is an exemption from this chapter. All political subdivisions of the state may purchase these goods and services and are encouraged to do so when feasible.

(2) By July 1 of each year, the director of the Utah Correctional Industries shall publish and distribute to all state agencies and interested political subdivisions a catalog of goods and services provided by the Correctional Industries Division. The catalog shall include a description and price of each item offered for sale. The catalog shall be updated and revised during the year as the director considers necessary.

(3) (a) State departments, agencies, and institutions may not purchase any goods or services provided by the Correctional Industries Division from any other source unless it has been determined in writing by the director of Correctional Industries and the state procurement officer or in the case of institutions of higher education, the institutional procurement officer, that purchase from the Correctional Industries Division is not feasible due to one of the following circumstances:

(i) The good or service offered by the division does not meet the reasonable requirements of the purchasing agency;

(ii) The good or service cannot be supplied within a reasonable time by the division; or

(iii) The cost of the good or service, including basic price, transportation costs, and other expenses of acquisition, is not competitive with the cost of procuring the item from another source.

(b) In cases of disagreement, the decision may be appealed to a board consisting of the director of the Department of Corrections, the director of Administrative Services, and a neutral third party agreed upon by the other two members or, in the case of institutions of higher education, the president of the involved institution shall make the final decision.

Renumbered and Amended by Chapter 382, 2008 General Session.

Ithaca Ultra Seating

Since its introduction, the Ithaca Seating line has been providing the comfort and adjust-ability of premium seating without the premium price tag. The Ithaca Ultra gives this tradition a modern twist by adding a mesh back to the upholstered seat. Not only does this mesh give the chair a new look, it adds a new dimension in comfort – the unsurpassed breathe-ability and support of a material that conforms perfectly to your body. In the true spirit of a hybrid, the Ithaca Ultra has retained many of the features that made the original a hit, including the molded foam seat that provides all day support without fatigue. The seat height and depth controls continue to put an executive ergonomic experience within easy movement of the synchro-tilt mechanism is unchanged as well.

Luxo Seating

Luxo Leather Strong

When you first see the Luxo, you'll notice it's obvious good looks - the professional styling and appealing profile. And then you sit in it. You feel how soft it is. Supple. It's not just comfortable. It is luxurious like leather, but much more durable and affordable.

We call it LeatherSoft upholstery, a revolutionary new material that gives you the elegance and feel of leather, without the cost and maintenance. Woven together with the smooth action seat mechanism and the 3 point pivot arms the comfort experience is unparalleled. It's another innovation brought to you by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

Leathersoft

This luxurious upholstery is softer and more durable than leather, and requires less maintenance.

Contoured Back

Provides the ultimate in lumbar and back support.

Molded Seat with Waterfall Front

The molded seat includes a knee-tilt mechanism, ensuring all-day seating comfort and allowing your feet to remain on the floor even as you recline. The waterfall front edge reduces leg pressure.

Arms of Steel

The steel arms have a 3 point pivot action for ideal arm support no matter what position the seat is in; the soft polyurethane arm pads ensure arm comfort while protecting the chair and table when not in use.

24/7 Pilot XL Seating

***Pilot XL with
Breakaway T-Arms***
\$699

Big and tall users will appreciate Pilots expansive 24" wide seat, which features a waterfall edge to relieve pressure on the thighs, and high back that provides gentle support to the entire spine. To prevent further fatigue, 3/4" of plush, resilient foam envelop both the seat and back.

Because it was designed for round-the-clock use, Pilot won't just be comfortable the first time you use it; it will be comfortable every time. A heavy-duty frame, including an oversized steel J-Bar, and reinforced mechanism guarantee it.

Ideal use for law enforcement and correctional institutions.

***Pilot XL Stool with

Piretti Seating

Piretti Stool with Upholstered Back & Pivoting Arms
\$480

Piretti. A pioneer in ergonomic seating, the Piretti offers a full range of adjustments in their Art Task/Desk chairs.

The variable position seat slide lock allows the user to choose their adjustment height from 16" to 20.75", which meets ANSI standards. With adjustable back height, users can find the optimum lumbar support to fit their individual frames.

Piretti also features two arm styles – fixed or height adjustable with pivoting armrests – and the standard forward seat tilt, Piretti can also be configured to meet a wide array of working positions. For a more functional workplace, the back is offered with a durable poly back panel. Otherwise, the fully upholstered back gives the chair a more formal look, normally associated with higher end furnishings.

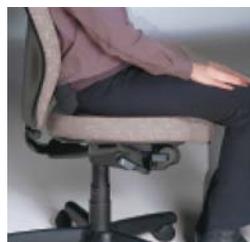

Piretti with Upholstered Back & Adj. Pivoting Arms
\$420

Back angle adjustment allows the backrest to adjust 6 degrees forward and 10 degrees backward for a perfect fit.

The tilt tension knob allows seat tension adjustment to meet any individual's needs.

Piretti has a seat slide feature with a 5 position lock-out. Adjusts from 16" to 19". Great adjustment feature for every end user.

Vata Seating

Vata Task Chair with Upholstered Backboard
\$425

Vata Task Chair with Upholstered Backboard & Headrest
\$450

Vata seating offers both upholstered and mesh back options. Upholstered back can be easily removed via 10 fasteners. Switch between the upholstered back for those cold winter days and the mesh for hot summer days.

Height-adjustable T-arms with pivoting arm caps provide maximum customization. Seat depth adjustment allows user to position the seat to his or her body.

Upholstered

There is only one arm style available on Vata - pivoting height - adjustable T-arm. The dual controls of the arms position tactile self skinning urethane armrests at the optimal angle and height. Similarly, the standard lumbar pillow can be adjusted vertically and horizontally for individualized lower back support. The poly mesh back that gives the chair its extraordinary modern aesthetic can be completely transformed by adding an optional

upholstered back. With all of the adjustability, comfort, and support of its modern sibling, Vata's upholstered back allows it to coordinate with more traditional furniture and decor. For the complete executive treatment, an upholstered adjustable headrest can also be added.

The optional adjustable headrest creates an executive seating experience.

Vata's synchronous mechanism allows the seat and back to recline in harmony. The side tilt-tension handle allows users the ability to adjust recline tension to their preference.

Vata Seating

The external lumbar support can easily be adjusted vertically and horizontally. The lower back angle also adjusts in and out by using the side knobs to achieve personalized lower back comfort.

A contoured foam seat with waterfall edge is designed to reduce fatigue while seated for long periods of time.

Adjusting the maximum angle that the back will recline in the free-floating position is easy with the unique three-position back-recline limiter.

The 5-star base and dual-wheel casters are ultra-stable, durable, and understated in black nylon.

Poly Mesh

The Vata seating line transcends the ordinary for task-intensive applications. The hallmark of the seating design is the striking poly mesh back that provides flexible support and optimum airflow for thermal comfort.

In addition to the typical seat height and depth adjustability, Vata task chairs have a 4-position back lock, and a 3-position back recline limiter. For those preferring a fixed back position the back lock sets

the angle of recline, while those who prefer to “free-float” can use the back-recline limiter to set the maximum angle so the back will be allowed to recline. Additionally the tilt-tension adjustment ensures that each user can customize the chair’s responsiveness to meet their expectations.

Viper Seating

Comfortable Seating Shaped for You

Imagine a chair designed for your maximum comfort - fitted to your body at a price that fits as well. We not only imagined it, but gave it form in our Viper Chair.

Clean. Sharp. Simple. The Viper Chair celebrates the individual, following the lines and shapes of your body. These ergonomic roots are matched by aesthetics that make the Viper Chair, in one word, exceptional.

The Viper is the Valo philosophy come to life—style, comfort and value intricately woven to create seating furniture that works for you.

Mesh Back

Contours and supports the back for maximum ergonomic support. Mesh material allows for ventilation and the dissipation of body heat.

Fully Adjustable Arms

Armrests with soft arm pads can be adjusted into a number of heights.

Adjustable Lumbar Support

The lumbar support allows for easy adjustment according to your comfort and is visually concealed to give the chair a clean, simple, modern look.

Adjustable Back

The backrest angle and tension can be adjusted for your comfort—and to reduce stress on the body.

Upholstered Seat

Soft and plush, the comfortable upholstered seat provides longer hours of comfortable sitting. The waterfall front edge of the seat helps reduce stress to your legs.

Viper chairs standard fabric is black mesh. Additional charges will apply if fabric is changed.

Sophic Chair
\$370

Durability, comfort and elegance come together harmoniously in the form of the Sophic™ Guest Chair. The elegant contours and transitional styling, as well as the long lasting comfort, make Sophic the ideal guest chair to add luxury and class to any waiting area, lobby or office.

The graceful wood frame, open arms and upholstered seat and back provide luxurious comfort. The gently curved, fully upholstered back lends grace and a modern look to the chair. With 19" wide seat, Sophic can easily accommodate guests of all shapes and sizes.

Meticulously crafted and built with an uncompromising attention to detail, Sophic offers a rounded contemporary arm style. It is sure to complement any furniture already in your organization.

Sophic seating. A new level of sophistication.

NOTE: The wood on these chairs is only available in beechwood. If you change the stain color to match with an existing stain color you already have, or with the stain colors in the back of this catalog it will not be an exact match.

Seats are generously cushioned and padded for extra comfort through the use of webbing and foam.

Sophic offers graceful, contoured, open wood frames.

Fully-upholstered back features a gentle curve.

Elegantly tapered wooden legs are a feature of the Beechwood frame.

Wherever you elect to use Consult Lounge furniture you can be sure that you'll have comfortable seating for years. The core of Consult is a hardwood frame and steel innerspring surrounded by multiple layers of contoured foam. Durable high density foam is used to sculpt each piece and maintain its shape impeccably between uses, while a lower density foam overlay provides plush comfort. Comfort isn't just a result of composition with Consult—it was at the forefront of the entire design. With its generous 21-1/2" x 20-1/2" chair seat, this furniture accommodates everyone who is tempted by its clean lines, and with lines like these who wouldn't be tempted?

A button covered in contrasting fabric draws the eye to the tufted back of the lounge seating.

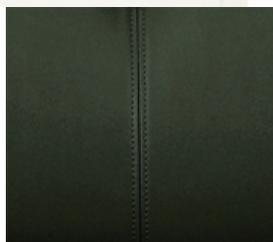

A wood button on solid fabric makes the stain of the matching wooden feet an accent color.

Covering the front of the sofa's arm in a coordinating fabric emphasizes its shape.

Every angle of this chair showcases its sculpted curves and precise stitching.

Double-stitching at every seam provides the tailored look that is Consult's hallmark.

Deep bench seating is as plush as it looks and spacious enough to accommodate any user.

Tapered Beechwood legs are available in different color options to coordinate with existing furniture.

Outside Dimensions: 33" H 43" W 35" D
Inside Dimensions: 16^{7/8}" H 20^{1/2}" W 22^{7/8}" D
Arm Height: 8^{1/4}"

Contemporary styled lounge seating. The culmination of form and function, available in three sizes: Chair, Loveseat and Sofa. Strong architectural presence with subtle Art Deco influence combines comfort and great durability. The end panels combine arm and leg structures with soft, flexible foam molded over structural urethane, which is the most comfortable foam available. End panels are through-bolted to a heavy plywood main seat and back frame, the most durable frame available. Webbed seat and back suspension for the maximum of comfort and durability. The minuet's generously oversized proportions create an incredibly strong, integrated design for durability.

Not all chairs are available in all woods or stains. Different wood species offer different textures and grains. Minor variations in finish color and value may occur due to the natural characteristics of wood. UCI uses only the highest quality furniture grade stains and finishes in its seating. UCI carefully selects all materials used in every product ensuring commercially acceptable color and finish, however, it is possible for light and time to alter the color of wood and stain. The stains represented on this sample sheet are similar to the actual product. To see examples of finished seating or if you have any questions about matching finishes to your existing furniture, please call (801) 576-7700.

WARRANTY

Our commitment to your satisfaction does not end with your purchase of UCI products. Utah Correctional Industries warrants seating purchased from UCI to be free from defect in workmanship, when given normal care and use. UCI warrants, for the original purchaser, the products be free of defects in materials and workmanship for 15 years.

UCI's customer service department will repair or replace, at UCI's option, items covered under this UCI warranty, providing they are within the terms set in this warranty.

This UCI warranty is valid only if products are given normal and proper use, and comply with UCI installation and maintenance instructions. UCI assumes no responsibility for repairs to products sustaining damages resulting from user modifications, attachments to a product, misuse, abuse, alteration, or negligent use of the product.

This warranty does not cover the following: damage caused by carrier other than UCI, any material specified by the customer that is not a standard UCI product offering, damage caused by and/or resulting from user modification or negligent use of the UCI product.

There are no other warranties except as expressly set forth herein, either expressed or implied. We exclude and will not pay consequential or incidental damages under this warranty.

UCI guarantees its customers that we will stand behind the workmanship and products produced at UCI, and pledge to do everything reasonably possible to solve problems on a timely basis, within the terms of this warranty.

If you have any questions concerning UCI's warranty policy, or problems with UCI products, please contact UCI at (801) 576-7734 and ask for Customer Service.

Non-obsolescence Policy: UCI will provide non-obsolescence protection of out of warranty seating by repairing or replacing the obsolete item at a price that is satisfactory to the customer.
