It is a violation of federal law for anyone to knowingly transport in interstate commerce any goods, wares or merchandise manufactured or produced by prison inmates. Anyone who violates this law may be fined, imprisoned, or both. See 18 U.S.C. § 1761(a).

This restriction does not apply to goods, wares, or merchandise manufactured or produced by inmates who are participating in a work pilot project designated by the Director of the Bureau of Justice Assistance, known as the Prison Industry Enhancement Certification Program (PIECP).

Utah Correctional Industries (UCI) participates in the PIECP program and is therefore able to utilize inmate workers to manufacture and produce goods, wares and merchandise for customers that may be legally sold outside the State of Utah.

However, due to the requirements of the PIECP program – including the requirement that inmates participating in the program be paid the prevailing wage for their work – goods, wares and merchandise produced by UCI that will be transported in interstate commerce are priced differently than products that will be sold solely within the State of Utah.

Please mark the option that identifies how the UCI-produced goods, wares or merchandise ordered by Customer will be used:

_____ Some or all of the UCI-produced goods, wares or merchandise ordered by Customer will be transported outside the State of Utah for commercial purposes, including but not limited to the sale of said products to individuals or entities outside the State of Utah.

_____ No portion of the UCI-produced goods, wares or merchandise ordered by Customer will be will be transported outside the State of Utah for commercial purposes, including but not limited to the sale of said products to individuals or entities outside the State of Utah.

By signing below, Customer certifies that its representations herein are true and correct. Customer acknowledges that any false statement may result in federal criminal liability against Customer or its officers and employees. Customer further acknowledges that, if after representing that the UCI-produced goods, wares or merchandise ordered by Customer will be sold exclusively within the State of Utah, Customer hereafter changes its intended use of said products, Customer will notify UCI immediately so UCI can provide Customer with an accurate bid for said products.
