Get To Know UCI

UCI is Utah's prison industries program. Under the direction of the UCI director and the Utah Department of Corrections, UCI operates productive enterprises utilizing offender labor to benefit tax-supported entities, which includes all state agencies and political subdivisions.

UCI is a self-supporting program, deriving its revenues solely from the sales of products and services. Not only do you receive quality products when you purchase from UCI, you are also supporting a great program. UCI provides goods and services for public use while saving taxpayers money.

UCI provides training and structured activity for offenders in a real work environment. Offenders working at UCI acquire vocational skills under working conditions similar to those which prevail in private industry; preparing them for legitimate employment after they are released from prison.

UCI provides high quality products designed and manufactured with you in mind. Few people are aware of the numerous products and services that we offer. We can furnish your office, conference room, lounge, waiting room, library, or other work area with quality industry-standard products. Labor intensive services such as general construction, roofing, asbestos abatement, and pavement crack sealing are offered as well.

At UCI you can also purchase clothing, mattresses, interior and exterior signage, and a wide variety of printing services. In an effort to increase our offender employment numbers, we are constantly looking for new products and services. As such, our product line is so diverse and flexible that we are confident that we will always meet the needs of our customers.

Our staff and employees are equally flexible. If there is something you need that we don't offer, we can make the necessary changes to accommodate you and meet your needs.

We invite you to contact one of our marketing representatives for special needs and up-to-date information on any of our products & services or if you would simply like more information about UCI. Traditional Industries Programs - Our traditional industries work programs provide cost-effective, quality goods and services to state agencies, counties, cities, other government municipalities, and numerous private sector partners. Each year these manufacturing and service operations save Utah taxpayers hundreds of thousands of dollars while providing meaningful work experience to inmate workers.

Private Sector Partnerships - Included in this catalog are 2 of our (PS) Private Sector / (PIE) Prison Industries Enhancement programs. Below is a detailed breakdown of what a PIE Certification Program is and how you can participate.

The PIE Certification Program was created by Congress in 1979 to encourage states and units of local government to establish employment opportunities for prisoners that emulate private-sector work opportunities. The program is designed to place inmates in a realistic work environment, pay them the prevailing local wage for similar work, and enable them to acquire marketable skills to increase their potential for successful rehabilitation and meaningful employment upon release. A total of 50 jurisdictions may be certified under the PIE Certification Program. To become certified, each program must demonstrate to the Director of the Bureau of Justice Assistance (BJA), U.S. Department of Justice, that it meets statutory and guideline requirements as listed under Mandatory Criteria for Program Participation. The statute and guidelines are designed to create a level playing field with the private sector. UCI has been PIE certified since 1985.

The PIE Certification Program has two primary objectives:

1. Generate products and services that enable prisoners to make a contribution to society, help offset the cost of their incarceration, compensate crime victims, and support their families.
2. Reduce prison idleness, increase inmate job skills, and improve the prospects for successful inmate transition to the community on release.

Eligible jurisdictions that apply to participate in the PIE Certification Program must meet all nine of the following criteria:

1. Legislative authority to involve the private sector in the production and sale of prison-made goods, and administrative authority to ensure that mandatory program criteria will be met through internal policies and procedures.
2. Legislative authority to pay wages at a rate not less than that paid for similar work in the same locality's private sector.
3. Written assurances that the PIE Certification Program will not result in the displacement of workers employed before program implementation.
4. Authority to provide worker benefits, including workers' compensation or its equivalent.
5. Legislative or administrative authority to take deductions not to exceed 80 percent of gross wages for room and board; taxes (federal, state, local); allocations for support of family pursuant to state statute, court order, or agreement by offender; and contributions of not more than 20 percent, but not less than 5 percent of gross wages to any fund established by law to compensate the victims of crime.
6. Written assurances that inmate participation is voluntary.
7. Written proof of consultation with related organized labor before PIE Certification Program startup.
8. Written proof of consultation with related local private industry before PIE Certification Program startup.
9. Compliance with the National Environmental Policy Act and related federal environmental review requirements.

Wood, Stain, Melamine, & Laminate

		STAIN OPTIONS						
		Natural	Fruitwood	Medium	Burnt Umber	Dark	Victorian	Espresso
WOOD OPTIONS	OAK							
	WALNUT							
	CHERRY							
	MAPLE		<p>Each wood species offers a different texture and grain. Minor variations in finish color and value may occur due to the natural characteristics of wood. UCI uses only the highest quality furniture grade stains and finishes in producing furniture. UCI carefully selects all materials used in every product, ensuring a commercially acceptable color and finish. However, it is possible for light and time to alter the color of wood and stain. The stains represented here are similar to the actual product. If you want to see examples of finished furniture or if you have questions about matching finishes to your existing furniture, please call (801) 522-7931.</p>					

MELAMINE

				
White	Beige	Light Gray	Dark Gray	Black

Melamine is a great alternative to our wood/stain options if you aren't partial to the traditional look of wood. In addition, melamine is more cost effective. The colors shown here are merely an approximation of the appearance of melamine; the actual melamine will vary from what is graphically represented here.

LAMINATE

Laminate is a great option for the worksurface of your desk if you would prefer a style or color beyond what wood/stain has to offer. There are countless laminate options available from a number of manufacturers. The following are several companies that offer great laminate options:

Formica, Nevamar, Pionite, & Wilsonart.

(Please note that any laminate selection you make is subject to availability.)

TERMS & CONDITIONS

PRODUCT DESIGN

Utah Correctional Industries reserves the right to make changes in design and construction or discontinue products without prior notice.

PRICING

In accordance with the State Us Law (63G-6a-804 Purchase of prison industry goods.), UCI updates all catalogs every year (on or before July 1) and updates/revises them as necessary throughout the year. However, due to frequent fluctuations in the cost of raw materials, pricing is subject to change without notice. Quotes are valid for 14 days and will need to be re-quoted if signed approval is received more than 14 days after the original quote date.

AVAILABILITY

Items are normally available within 6-8 weeks. If no specific date is requested, we will assign the best possible ship date available on a made-to-order basis. Contact our Customer Service department for specific availability.

ORDER CHANGES

UCI does not usually accept changes requested after order confirmation. However, we will accept reasonable changes on an order with the following conditions:

- The request for change will be subject to UCI's ability to perform.

- Changes will be subject to additional charges as applicable.

- Changes must be brought to UCI's attention through written notice. Changes may result in rescheduling of delivery time.

CANCELLATIONS

The acceptance of an order by UCI is final and binding and not subject to cancellation by the customer without written notice to UCI. A cancellation or restocking fee from 30% to 100% of the order may be imposed on cancelled orders.

DELIVERY AND FREIGHT CHARGES

There may be an additional cost for delivery and installation services depending on your geographical location. Should either of these services be requested or required, all charges incurred will be charged to the "sold to" of the order. Any order requiring "non-dock" or "inside" delivery must specify such on the order.

DAMAGED MERCHANDISE

UCI cannot guarantee any product stored or set in place in an environment where temperature and humidity are not controlled.

REPAIR CHARGES

A Customer Service authorization must be secured from UCI prior to UCI incurring repair charges.

FINISH-COLOR MATCHING

Different wood species offer unique texture and grain. Minor variations occur in finish-color and value due to the natural characteristics of wood.

Wood, Stain, Laminate, & Melamine Options

		STAIN OPTIONS						
		Natural	Fruitwood	Medium	Burnt Umber	Dark	Victorian	Espresso
WOOD OPTIONS	OAK							
	WALNUT							
	CHERRY							
	MAPLE		<p>Each wood species offers a different texture and grain. Minor variations in finish color and value may occur due to the natural characteristics of wood. UCI uses only the highest quality furniture grade stains and finishes in producing furniture. UCI carefully selects all materials used in every product, ensuring a commercially acceptable color and finish. However, it is possible for light and time to alter the color of wood and stain. The stains represented here are similar to the actual product. If you want to see examples of finished furniture or if you have questions about matching finishes to your existing furniture, please call (801) 522-7931.</p>					

MELAMINE					
					
	White	Beige	Light Gray	Dark Gray	Black

Melamine is a great alternative to our wood/stain options if you aren't partial to the traditional look of wood. In addition, melamine is more cost effective. The colors shown here are merely an approximation of the appearance of melamine; the actual melamine will vary from what is graphically represented here.

Laminate is a great option for the worksurface of your desk if you would prefer a style or color beyond what wood/stain has to offer. There are countless laminate options available from a number of manufacturers. The following are several companies that offer great laminate options:
Formica, Nevamar, Pionite, & Wilsonart.
(Please note that any laminate selection you make is subject to availability.)

Pricing and availability from the manufacturer fluctuate regularly.
Please contact us for current prices and product availability.
